Field Trip

Don't forget we have a field trip on Monday. Make sure you send a snack & lunch with your child. Your child also needs to wear closed toed shoes.

The third grade teachers are looking for three volunteer coordinators to help with the following duties...

- Coordinate a volunteer schedule for reading and math help.
- Arrange a party coordinator for four classroom parties throughout the year.
- Coordinate volunteers to help with at home and in-school clerical work.
- Communicate to parents, via email, all of the above information.
- Liaison to the PTO to solicit volunteers for school functions

Please email myself or Mrs. Alfonso if interested. Thanks!

Charlotte's Web

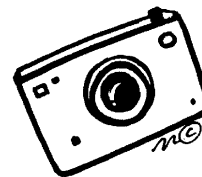

We are a little more than half way through the book. The students have really enjoyed this novel study. The vocabulary alone in Charlotte's Web is really advanced so we are doing a lot of lessons related to vocabulary.

I personally love reading the role of the gander. I love the way he double and triple talks everything. ☺

Field Day

Field Day will be held on Friday, May 21st. Students will be competing in several outdoor activities from 10:50 - 12:45. Parents are invited to attend the school wide picnic which is being held from 12:45 - 1:30. Please plan on bringing your own lunch, however the cafeteria will have sack lunches for purchase. If you chose to purchase a sack lunch please let me know by May 19th and I will submit all pre-orders to the cafeteria.

Bring a camera, a lunch and get ready for a nice afternoon in the sun!

Insect Research

This week students will begin researching their insect. The students are responsible for writing questions they want to research and then looking for the answers.

Thank you parents who were able to take your child to the public library or pull information off the internet. This additional information has been helpful.

As students finish up their projects they will be presenting them to their classmates. Their final grade will reflect their research, project and presentation.

Do you owe money to the cafeteria? Please get your balance paid in full by the last day of school.
